www.Wordlock.com

Wordlock offers a full line of locks that use letter and word combinations that can be set and re-set by the user. These are much easier to remember and share with family members than arbitrary numerical combinations or keys that can be lost. Wordlock's patented algorithms can create up to 100,000 different letter combinations on five position locks.

Discus Lock - Shielded design resists bolt cutters and the copper-plated, solid zinc components prevent corrosion from sun or rain. Ideal for storage lockers, truck bed, garage and basement doors (SRP \$14.99).

Mini Cable Lock - Heavy duty, weather resistant, braided stain-

less steel. Ideal for motorcycles, watercraft, barbecues, power equipment, outdoor bins, trailers, gates (SRP \$5.99).

Sports Lock - Weather resistant steel body and shackle. Ideal for, tool boxes, pool and yard gate, storage lockers and equipment as well as school lockers and gym lockers (SRP \$8.99).

Short-Shackle Brass Lock - Tamper and weather resistant hardened steel shackle and 2 inch solid brass body. Ideal for commercial properties, worksite fences, metal gates and mesh doors, outdoor bins, trailers, gates and all weather environments (SRP \$14.99).

This is the strongest, burliest lock you'll find in the Wordlock world, combining maximum security with ease of use. It's vit-

tuously indestructible from weather, strain or tampering.

The hardened steel shackle comes in two lengths: 1" and 2-1/4". That means you can lock anything and everything, from the occasional need for extra peace of mind to the brute strength required for expensive equipment and cherished possessions. The Wordlock brass lock has a double-locking design, too, which gives you even more security.

Padlock - Maximum security with hardened steel shackle and body, with 3,000 pounds of pull strength. Ideal for tool boxes, pool, yard gate and storage lockers (SRP \$7.99).

Remember the old days! "Right three times past zero...left two turns to..." Forget it! Wordlock is the new style of friendly, easy-to-use padlocks for recreation, storage, travel and commercial uses. Perfect for school lockers or the gym, toolbox, sheds, job sites and anywhere else you need a solid, secure indoor/outdoor padlock.

Wordlock padlocks provide maximum security against theft with a 2 5/8 inch hardened steel shackle and body.

If you have several Wordlock padlocks

of the same style, you can set them all to the same word in a matter of seconds. And since all our locks are weatherproof, they can stand up to the toughest environments. That's extra strong, extra secure, and extra simplified.

Luggage

Lock - Great for travel needs. These TSA and Travel Sentry approved lock make it possible for agents to inspect luggage without bolt cutters (SRP \$7.49).

Utility Lock -

One of the strongest Wordlocks, our Utility Lock combines maximum security with ease of use. The hardened steel shackle comes in two lengths: 1" and 2-1/4". And the Wordlock Utility Lock has a double-locking design, which gives you even more security.

Wordlock locks are available at several retailers nationwide including Target, Wal-Mart, Sears and Kmart, as well as online at Amazon.com.
